Dear Dr. Payne:

Our heartfelt thanks for your donation four laptop computers to Asia Transpacific Foundation, a 501 (c) (3) nonprofit corporation. This letter serves as your receipt for your contribution. These computers will be used for computer training with the children in Bulian Village.

We appreciate your support of the Foundation's important projects in Southeast Asia and the Pacific region. Without the help of caring, concerned and committed people like yourself these projects could not flourish and improve the lives of needy children.

The Foundation's mission is to provide orphaned and disadvantaged children opportunity instead of aid, and to provide them with tools to improve their lives. Again, our sincere thanks for 'Helping Us Help Out'.

Best regards,

Marilyn Staff, Executive Director
