Dear Mr. Payne:

This organization can not express enough thanks and gratitude for your donation of computers. Over fifty percent of our school is low income or homeless. Our parents do not have computers in their homes. With this technical equipment, students can complete some of their homework assignments with tutoring; we can help them with Internet access; parents can utilize the computers for their LSCO meetings and correspondence some parents that are in school themselves taking classes can now come in and finish their homework assignments.

This will also speed up our work load help us to reach our objectives more efficiently, thanks again and my God richly reward you.

Sincerely,

Ruth Bell  
Executive Director
