Dear Dr. Payne:

We would like to express our gratitude for the four (4) Pentium II Computers and four (4) 17" monitors with keyboards donated to our church Friday, September 19, 2003.

We are currently setting up a computer lab and plan to use the computers as a teaching tool in our Sunday School classes and Bible Study groups. We also plan to train children and adults on Bible software and how to access useful study web sites, as well as use the computers as a potential outreach in our community.

Thank you again for helping to make these plans a reality.

Yours in Christ's service,
