Dear Dr. Payne,

Northville First Care is a Christian Day Care with children ages 7 weeks to 5 years old. We have wanted to teach our 2-year-olds to 5-year-olds how to use a computer. With the 7 computers that you have refurbished for us, we have learning times in three of our classes.

Our teachers also needed computers for daily lesson plans, snack schedules, parent note. With your refurbishing 4 computers for the staff, we have teachers using them daily. They are so thankful to be able to do their work here instead of working long hours and then trying to find time to do these jobs at home.

Without your help, we could not afford to have computers for our children. We know that computers will be a very necessary tool in the future and we are so thankful to be able to have them here for our children to use. None of our staff know how to correct problems in the internal hard ware of the computer. Thank you so much for helping us.

Sincerely,

A handwritten signature in cursive script that reads "Linda Tuttle".
