Grace Centers Of Hope
35 E. Huron
Pontiac, MI 48342

Dear Dr. Payne,

I wish to thank you for your recent generous donation of refurbished computers to Grace Centers of Hope. As you know we are a non-profit organization that help people that are dealing with drug and alcohol abuse and domestic violence issues. Very often our residents do not have much formal education. Often times women and children have become victims of drug abuse or domestic violence in the home. They come to us for help when they have no place to turn. As part of the recovery process we offer educational opportunities to all of our residents, including children. Our educational facility offers basic high school equivalency education for adult and preschool through sixth grade education for our children. Currently we are in need of computer workstations for our education facility. We are also in need of computer workstations for our administrative offices. If you are able to refurbish any computers that could be used in either of these settings they would be greatly appreciated.

Your unselfish giving of time and effort to rebuild and donate computers in the past is greatly appreciated. It is evident through your generous actions that you care about helping people in need regain their lives. You can be sure that your donations will be used to do just that. Thank you for partnering with us as we move forward in our vision: "Saving A Life... Saving The Family... Saving Our Nation"

Sincerely,

A handwritten signature in cursive script, appearing to read "Duren R. Gutierrez".
