National City Bank
c/o Jackie Cunningham
1900 E. 9th St. LOC 2157
Cleveland, Ohio 44114

Dear Dr. Payne & Ms. Cunningham:

On behalf of Habitat for Humanity Detroit and the families we serve, thank you for JDS Computers' in-kind donation of:

- 3 - Gateway desktop computers, 3 - 17" monitors, 1 22" monitor
- 3 keyboards, 2 mice, 1 power adapter for laptop and 7 power cords

All of these units are now being used in the office to replace much older items, and staff and office volunteers are extremely pleased to have it for their use.

Habitat understands that this donation would not have been possible without the support and contribution from National City Bank. Ms. Cunningham, your generosity and that of National City Bank is most appreciated.

We greatly value your willingness to support Habitat for Humanity Detroit's mission which states, "...in partnership with God and families in need of adequate housing, brings together people from all walks of life to revitalize neighborhoods through the construction of decent, affordable homes". Very low-income families purchase to own the homes through "zero interest" long-term mortgages at no profit to Habitat. Partner families' mortgage payments are used to help build additional homes.

Since 1986, Habitat for Humanity Detroit has partnered with thousands of volunteers and contributors to build over 135 decent, affordable homes for very low-income families while revitalizing three urban neighborhoods. Our Tri-Centennial Village Initiative is currently building 60 new homes in Core City Neighborhoods just west of the old Tiger Stadium.

Your support helps us to continue our work to strengthen families in need and revitalize distressed communities - one home, one family at a time. If you are interested in getting more involved with Habitat, especially our upcoming *2005 Jimmy Carter Work Project*, please visit our website at www.habitatdetroit.org or contact us 313-521-6691 x109.

All of us at Habitat for Humanity Detroit, especially our homeowner families, give our thanks and appreciation for your support!

Sincerely,

Timothy B. Hudson
Development Director

*Thanks
Dr. Payne!*
