

**OAK POINTE CHURCH**  
*Northville, Michigan*

**October 14, 2003**

**Dr. Jim Payne,**

**My name is Janet Early. I am the administrator for the 4<sup>th</sup> and 5<sup>th</sup> grade program known as the Outback. We are currently meeting in Northville High School on Sunday morning.**

**Our church is in the middle of a building campaign and our budget is very tight. We were in desperate need of new technology but could not afford it on the current budget. Thank you so much for helping us acquire such an incredible laptop.**

**We have 70 kids in our program. Every Sunday morning we put on a service for them that includes many PowerPoint presentations. Because of the new laptop we are able to use more fonts and newer technology because the laptop can handle it with ease. It is a faster processor and the results of Sunday morning are truly noticeable.**

**Thank you so much for your generosity. Our program and the many children it touches will forever be grateful for you and your kindness toward our church.**

**If you are ever in the area and would like to see what a blessing the laptop is to us, please feel free to stop in and see us.**

**Once again thank you for your thoughtfulness and may God richly bless you for your kindness.**

**Sincerely,**

**Janet Early  
Outback Administrator  
Oak Pointe Church**
