To Whom It May Concern:

On behalf of Shared Pregnancy Women's Center, as Executive Director, I would like to thank you for your generous donation of two computers for our office.

We have hired a second Assistant Director and she will use one of the computers for inputting data in relation to our clients and assist me in financial recordkeeping. The other computer will be set up to keep records of client information and attendance.

We appreciate this donation and may God richly bless you for your efforts.

In HIM,

Debra H. Davis  
Executive Director
