434 N Center St., P.O. Box 739
Northville, MI 48167

Dear Dr. Payne:

Thank you so much for your help in providing us with much need used computer equipment. Your generous support of organizations like us is most appreciated. Technology equipment costs a great deal, and parochial schools have a difficult time having enough funds to buy and maintain needed equipment. Volunteers like you are a great gift to places like St. Paul's.

While we can't every repay you for the hundreds of hours you have given or for all equipment you have donated, know that you work is appreciated and needed. Over the last two weeks I have had to cut over \$130,000 from our budget for next year in order to keep the school open. Needless to say, I barely have enough funds to buy necessary classroom materials. There is no money for technology. Without your help I doubt we would have hardly any working computers for next year. Because of you, every classroom has working computers. What a blessing!

Again, your incredible donation of your time to our school was very thoughtful. May God richly bless you and strengthen your giving spirit. You truly have been blessed to be a blessing!

In His service,

David S. Kusch
Principal

P.S. The thank you letters you requested have been sent. I apologize for the delay. DK
