Dear Dr. James Payne,

Thank you for the wonderful work you are doing in donating updated computers to our school. In the past we have received donations of used machines that were obsolete or so defective they only cost us to dispose of them.

The 15 computers we have received to date from your capable hands are first class. We are amazed, not only by your skill in transforming donated bits and parts into excellent computers, but your ability to call forth generosity on the part of so many individuals and business in support of technology upgrades for education.

We are most grateful and feel truly blest to be among the many organizations that have received the fruits of your labor of love.

God bless you, your family and associates in this good work.

Sincerely,

Sister Loretta Schroeder, IHM
Principal
