Dear Dr. Payne

Thank you for your generous donation of seven computers to the Women's Opportunity House. The Women's Opportunity House serves women who are committed to obtaining an education which will provide them self-sufficiency and help them to grow into an asset to their community. Many women are unable to pursue an education due to the lack of financial means. Our residents are provided with a place to live, food, and personal items at no charge. Often tuition for their courses is paid for by our agency as well.

To claim your donation on your Federal Income Tax our federal tax identification number is 383183579.

Once more we would like to extend our greatest thanks to you. Computers are a growing necessity in today's academic world and will be a great asset to our women's efforts. We at the Women's Opportunity House just want you to know how much we appreciate what you have done on our behalf.

Sincerely,

A handwritten signature in cursive script that reads "Jeanine Ranes".
